**SUBMISSION IN SUPPORT OF REQUEST FOR CONTINUED EXAMINATION AND  
INFORMATION DISCLOSURE STATEMENT**

Sir:

Applicant is submitting herewith this submission concurrently with a Request for Continued Examination and an Information Disclosure Statement (IDS) regarding the above-referenced patent application. By submission of the RCE, the previously issued Notice of Allowance will be withdrawn and as such, Applicants are requesting the IDS be entered on the record for examination purposes.

Applicant notes for the record that the IDS identifies two references, namely, Japanese patent document 10-254883 and the Hashida publication. These references were cited in Applicant's previously submitted IDS on September 6, 2000, but have not been made of record to date despite the fact that an International Search Report that identified both of these references and relevancy thereof was also submitted along with Applicant's previously submitted IDS. As such, Applicant believes that the references should have been entered on the record for examination purposes based on the submission of the previously submitted IDS.

In any event, Applicant is submitting again the references in an IDS as also enclosed herewith and discussed above. In addition to the references, Applicant is again submitting the International Search Report that identifies both of these references and relevancy thereof. Further, Applicant is submitting an English language abstract with respect to the Japanese patent

document, and is submitting an English language translation of the Hashida publication. Accordingly, Applicant respectfully requests that the IDS be entered for examination purposes and further submits that the allowability of this case should be maintained in view of same.

Respectfully submitted,
